**ANNOTATION** : *This article discusses the vital role teachers play in motivating students to learn English effectively. It highlights how teachers' attitudes, methods, and communication influence learners' interest and confidence. The paper also explores strategies such as creating a positive learning environment, using interactive activities, providing feedback, and fostering learner autonomy. Motivation is shown to be a key factor for successful language acquisition.*

**Keywords:** *teacher's role, motivation, English learning, feedback, autonomy*

**ANNOTATSIYA** : *Ushbu maqolada ingliz tili o'rganuvchilarini rag'batlantirishda o'qituvchining o'rni va ahamiyati yoritilgan. Unda o'qituvchining munosabati, o'qitish usullari va muloqot madaniyati o'quvchilarning ingliz tiliga bo'lgan qiziqishiga qanday ta'sir etishi tahlil qilinadi. Maqolada ijobiy muhit yaratish, interaktiv metodlardan foydalanish, konstruktiv fikr bildirish va mustaqil o'rganishni rag'batlantirish kabi samarali usullar ko'rsatilgan.*

**Kalit so'zlar:** *o'qituvchi roli, motivatsiya, ingliz tili o'rganish, fikr-mulohaza, mustaqillik*

**АННОТАЦИЯ** : *В данной статье рассматривается важная роль учителя в мотивации учащихся к изучению английского языка. Отмечается, что отношение, методы и общение преподавателя оказывают значительное влияние на интерес и уверенность учеников. Также описываются*

*эффективные стратегии: создание позитивной атмосферы, использование интерактивных методов, предоставление обратной связи и развитие автономии учащихся.*

***Ключевые слова:** роль учителя, мотивация, изучение английского языка, обратная связь, автономия*

## **INTRODUCTION:**

In today's globalized world, English has become an essential tool for international communication, education, and employment. However, learning a foreign language requires not only knowledge but also strong motivation. Teachers play a decisive role in shaping students' attitudes toward English. A motivated student learns faster, practices more actively, and achieves higher results. Therefore, understanding how teachers can inspire motivation is crucial for effective language teaching.

## **THE ROLE OF TEACHERS IN MOTIVATION**

### **Creating a Positive Learning Environment**

Teachers should create a classroom atmosphere where students feel respected, confident, and unafraid to make mistakes. A warm, friendly environment increases students' willingness to speak English and participate actively.

### **Using Interactive and Engaging Methods**

Traditional teaching methods often fail to maintain students' interest. Teachers should include games, group work, role-plays, songs, and technology-based lessons to make learning enjoyable. Authentic materials such as movies, podcasts, and online articles help learners connect English to real-life contexts.

### **Setting Clear and Achievable Goals**

Students feel motivated when they see progress. Teachers must set realistic short-term goals—for example, being able to introduce oneself or describe one's hobbies in English. Step-by-step achievements strengthen learners' confidence and persistence.

### **Providing Constructive Feedback**

Effective feedback encourages learners to keep improving. Teachers should highlight students' strengths while gently correcting their mistakes. Comments like "Good job!" or "Your pronunciation is improving!" can increase students' motivation and self-esteem.

#### Recognizing Individual Differences

Each learner has unique needs, interests, and learning styles. Teachers can increase motivation by personalizing lessons—using topics that interest students, offering varied activities, and supporting slower learners patiently.

#### Acting as a Role Model

A teacher's enthusiasm for English strongly influences students' attitudes. When teachers show excitement about the subject, learners are more likely to develop the same interest. A teacher who continues learning and using English serves as an inspiring example.

#### Encouraging Autonomy

Teachers can foster self-motivation by helping students become independent learners. Activities like keeping journals, setting personal goals, and practicing English online promote long-term engagement beyond the classroom.

#### **CONCLUSION:**

Teachers are not only transmitters of knowledge but also key motivators in the language learning process. Their behavior, teaching style, and emotional support greatly affect students' attitudes toward English. By using engaging techniques, creating a positive classroom environment, and promoting autonomy, teachers can inspire lifelong motivation and success in language learning.
