KIRISH

Hozirgi globallashuv davrida internet yoshlar hayotining ajralmas qismiga aylangan. Bu esa til tizimida yangi birliklarning, ya'ni sleng so'zlarning keng qo'llanishiga sabab bo'lmoqda. Internet slengi o'zining qisqaligi, ifodaviyligi va

yangilik yaratishga moyilligi bilan ajralib turadi. Til o'zgarishi tabiiy jarayon bo'lib, u avlodlar tafovutini ham aks ettiradi.

INTRODUCTION

In the current era of globalization, the internet has become an integral part of youth life. This has led to the emergence and widespread use of new linguistics units known as slang. Internet slang is characterized by brevity, expressiveness and creativity. Language change is a natural process that reflects generational differences.

ASOSIY QISM

Yoshlar tili - bu muayyan ijtimoiy guruh vakillari tomonidan ishlatiladigan, o'ziga xos leksik, fonetik va grammatik xususiyatlarga ega nutq shaklidir. Internetning rivojlanishi yoshlar tili uchun yangi imkoniyatlar yaratdi."Telegram "," Instagram "," TikTok " kabi platformalarda yangi so'z va iboralar paydo bo'lib, tez tarqalmoqda. Masalan, "cringe "," sus", "based "," cap", "noob", "vibe", "mood", "flex" kabi so'zlar o'zbek yoshlarining tilida keng qo'llanmoqda. Fakt sifatida shuni ko'rsatish mumkinki, O'zbekiston yoshlari orasida olib borilgan so'rovnomalar 70%dan ortiq ishtirokchilar har kuni sleng so'zlardan foydalanishini bildirgan. Bu esa internet tili yoshlar orasida ommaviy axborot quroliga aylanganini ko'rsatadi. Shuningdek, ingliz tilidan kirib kelayotgan neologizmlar morfologik moslashuv orqali o'zbek tiliga singmoqda.

MAIN PART

Youth language is a speech form used by specific social groups with distinct lexical, phonetic, and grammatical characteristics. The development of the internet has opened new opportunities for youth communication. Platforms such as Telegram, Instagram and TikTok generate and spread new words rapidly. For example, words like "cringe", "sus", "based", "cap", "noob", "vibe", and "flex", have entered the daily speech of Uzbek youth. Research shows that over 70% of Uzbek youth use slang words daily. This indicates that the internet language has become a dominant means of youth communication. Furthermore, English neologisms are being morphologically adapted into the Uzbek language, showing linguistic flexibility and integration.

XULOSA

Internet va texnologiya taraqqiyoti natijasida yoshlar tili doimiy ravishda o'zgarib bormoqda. Bu o'zgarishlar ijobiy jihatdan tilni boyitsa, salbiy tomondan adabiy me'yorlardan chetlanishga sabab bo'lmoqda. Linguistlar uchun asosiy vazifa - bu jarayonni ilmiy jihatdan kuzatish va yangi birliklarning tizimlilik hamda madaniy ta'sirini o'rganishdir.

CONCLUSION

As a result of technological progress, youth language continues to evolve. These changes enrich the language but may also lead to deviation from literary norms. For linguists, the main task is to observe this process scientifically and analyze the systematic and cultural impact of new linguistic units.
