Abstract: English has become one of the world's dominant languages today, significantly influencing global communication, science, business and technological development. It has not only become a tool in international cooperation and education but has also become an integral part of society through culture, art and mass media. This study reveals that learning English is not just an advantage-but it is a fundamental necessity.

Key words: global education, career opportunities, economic growth, technology, science, innovation.

Annotatsiya: Bugungi kunda ingliz tili aloqa, biznes, ta`lim va diplomatiya uchun umumiy til bo`lib xizmat qiluvchi dunyodagi eng keng tarqalgan tillardan biriga aylandi. Ingliz tilining ahmiyatini cheklab bo`lmaydi, chunki u global imkoniyatlarga kirish eshigi bo`lib, madaniyatlarraro muloqotni osonlashtiradi va madaniy almashuvni rag`batlantiradi.

Kalit so'zlar: global ta'lim, karyera imkoniyatlari, iqtisodiy o'sish, texnologiya, ilm, innovatsiya

In today's globalized world, learning English has become an essential need for everyone. English is widely used as an international language in communication, science, technology and business. People from different parts of the world connect, share knowledge, and collaborate through English. Therefore, having a good command of

English is important not only for personal development but also for achieving professional success.

Firstly is the language of international communication. It is the primary language used in international organizations such as the United Nations, the World Bank, and the international Olympic Committee. English is also the language of the majority of academic publications and conferences. This means that if you want to work in an international environment, you need to have a good command of English. English proficiency is a requirement for many jobs that involve international travel or communication. It is the language that is used in international trade, diplomacy, and academic conferences. Many multinational companies have adopted English as their official language to facilitate communication among their employees and with their clients and partners worldwide. This has led to a high demand for English proficiency among job seekers, as it has become a skill that is necessary for success in the global economy. Good English skills make everyday life simpler and more enjoyable. Think about being able to travel everywhere without language barriers, enjoy movies and books in their original language, use technology with ease, navigate any situations confidently, understand international news firsthand, follow your favorite content creators, shop on international websites.

In conclusion, learning English is crucial for success in today's globalized world. It opens up opportunities for collaboration, communication, and personal growth, whether it's for business, travel or connecting with people from diverse backgrounds. English proficiency can be a key factor in achieving your goals. Embracing the language and continually improving your skills will undoubtedly provide you with a competitive edge in an increasingly interconnected world.
